NIS Committee Emergency Planning

REF: Paragraph 2 of USIB-M-47 dated 7 July 1959

1. Reference directs that subcommittees of the Intelligence Board proceed with their emergency planning on the basis of a spectrum of assumptions, i. e., on assumptions ranging from limited emergencies or partial relocation up to and including all-out nuclear war.

2. Presumably the Intelligence Board does not intend to further clarify policy regarding emergency planning, but in accordance with reference will clarify committee problems when occurring.

3. In view of the above considerations I wish that you would prepare an initial draft that I can lay before the NIS Committee as a basis for developing the NIS Committee Emergency Plans.
